

THE WYCHWOOD

Editorial

Rumours often cause unnecessary anxiety and it is good to know that we will not be losing beds at Burford Hospital, (see page 5).

We are indeed lucky in the Wychwoods with our medical facilities - a practice second to none, fine district nurses and the backup of two community hospitals. I think the response to Dr. Scott's sponsored marathon (page 6) shows the appreciation and pride we all feel in 'our surgery'.

May I draw your attention to the enormous task taken on by John Gripper, our local vet. (page 7). Now that the human race is at last making an effort to halt the destruction of the environment and other species, it is heartening to know that someone in our local community has taken up the challenge.

Let's hope the fine weather continues, but please go carefully with the water.

Articles for publication in the October/November issue should be submitted to the Editor at the address below, by September 8th, 1990.
