

THE SECOND WYCHWOODS ALBUM

This new album is due to be published by the Wychwoods Local History Society in late September.

The original album, published in 1985, was a great success and is now out of print. This new collection of old photographs of the Wychwood villages covers Milton, Shipton, Ascott, Leaffield, Lyneham, Fifield, Idbury and Bruern.

The 80 photographs selected for the book illustrate the people and many aspects of their life in these villages in the late nineteenth and early twentieth centuries, especially during the two world wars.

The price is £5 per copy (post and packing 60p extra) and is available at all the Society's meetings or from the following:-
