

The Wychwood

We are happy to congratulate, and express relief for the safe return of, our now world-famous climbers, Dr. Sandy Scott and Mr. Peter Earle. It was considered too soon to hassle them for a contribution to this issue of the magazine, but we shall not let them off 'scott free' — watch this space.

Many of us have lots of old or foreign coins lying about; we have been told of an ideal way of disposing of them. The Royal National Lifeboat Institution will be very pleased to accept them, to be converted to funds for their charity, which is supported entirely by voluntary contributions. Please send old ha'pennies, pennies, octagonal threepences, 'tanners', 'bobs', florins and half-crowns which are no longer legal tender, plus all those coins brought back from abroad which cannot be exchanged through money changers, to the Editor at the address below for onward transmission.

May we also draw your attention to the appeal on page 5 for used postage stamps, also for a very good cause. This recycling of otherwise useless items seems to be very worthwhile.

We take this opportunity to offer those moving to Burford School next term our best wishes for their future. (Wychwood School photograph centre pages)
