

## "TV" SKribble and Faxatoon.

Lightening cartoonist Rosalie Cox better known as "TV" SKribble has set up an INSTANT fund raising method from her studio. It is now possible for small and large charities, schools, church organisations, clubs, village or city fund-raisers for any bona fide needs to contact SKribble on 01993 831505 (Tel or Fax) to arrange days, or times they can be "on line" for this FUNdraising idea to boost their finances instantly. Details can also be given in further detail on the phone if required.

This instant lightening idea is suitable for fêtes, bazaars, dances, balls open days, charity shops, the list is endless. SKribble can create up to 60 original cartoons per hour. Based on her television and stage shows all over the U.K. since 1948, the new FAXATOON method is very exciting for all ages as it brings live entertainment down the phone lines at a cost of only 5p per cartoon on the sender's fax line.

SKribble's time and talents are completely voluntary and she asks only for 20p for each cartoon to cover her paper, pens and fax line costs. So as the fund raisers can decide their own cost to their public, usually from £1 to £5 depending on the type of function and venue, they make instant profit at source. SKribble invoices them for her 20p costs at a later date. Any venue then has a personal "appearance" of a top cartoonist and TV personality without the expenses of travel, accommodation and agents fees!

All the public are asked to do is scribble a line or two, a special lucky number, date or birthday age, their initials, or just a scribble, on a sheet of A4 paper, send it to her studio and within 30 seconds she creates a brand new cartoon character for them from their marks and sends it back instantly!

This is a very easy and happy way of making money for all ages. All that is needed is the use of a fax machine which can even be borrowed for the occasion and of course a phone line. (A small double adapter can be used to accept both the phone as usual and the fax at the same time). Organisations please inform your fund raisers of this simple and genuine exciting FAXATOON service.

FAXATOON is of course great for indoor fund raising on wet and cold days! Batches of scribbles can be collected at source any time and sent down the line and then returned all together in one go if this is more suitable for the venue to do this. (Especially for fund raising at places such as schools).
