

## **FIFIELD VILLAGE HALL**

Down - or is it up? - at Fifield, the Committee has been planning activities for this year. The first will be on the afternoon of 19th July when Linda Egle has kindly offered to host a Garden Party at her home, Vine Cottage, High Street, Fifield. There will be a cake stall, plants and, of course, tea and scones. If the weather is kind, we shall be able to enjoy these in the garden on which Linda has lavished so much time and energy over the last few years. If it is wet, we shall move down to the Village Hall.

This event will be followed, the month after, by a barbecue at Sunny Bank, High Street on the evening of 16th August when Nicki Sissons will once again be our hostess.

Friends and residents, past and present, of Fifield and Idbury are all most welcome to these events which are always great fun.

The History Project, master-minded by Guthrie Piggot, is progressing well, and we are constantly amazed at the interesting bits and pieces of information which come to light. Anyone with any contribution to make, or photographs to lend, should please contact Guthrie Piggot at Wheelwright Cottage, Church Street, Fifield.

**CHADLINGTON VILLAGE HALL**

Those of you who have come to my exhibitions for the last few years will find me, not in Churchill as before, but Chadlington Village Hall. By the time this magazine is available the exhibition will have already started but there will still be some time for it to run as is shown in the details above.

Keen gardeners among you may be interested in the special feature of the gardens of Broughton Castle near Banbury.

I look forward to the time we have our new village hall available in Shipton so I can have a really local event but in the meantime I hope Wychwood people will find their way to the nearby locations I use.
