

REFLECTIONS

It would appear that we have more than a couple of readers, as the following letters have been received since the last issue when the subject of skateboarding was mentioned.

And to think we thought that a bi-monthly publication couldn't support a letters page!

SKATEBOARDERS REPLY

Thank you for voicing your concern Mrs Schofield in the last Wychwood edition. It is good to know someone is on our side.

We think we have been very inventive finding a healthy activity to do in the Wychwoods. Some of our friends spend all day watching television and playing computer games, but we are fulfilling the Government's edict for daily aerobic exercise.

However we feel that many adults do not share our enthusiasm for our healthy activity as they utter such expletives as.

And also.....

Dear Rosemary Salter,,

I applaud Joanne Schofield's letter in the May issue of The Wychwood. I too am extremely sorry that the police were called in to move the boys on the skate boards.

It is a joy to see the vitality and enthusiasm of children at play and it saddens me to realise that some people are so mean-spirited that they can not share in this joy.

Surely, village life should consist of people from all walks of life, young and old, living in harmony together.

Yours sincerely

Mrs P Hills
