

The Wychwood

YOU MAY HAVE NOTICED among the advertisements, one from across the water. This is not because we are spreading our wings, but there is one from the Isle of Wight, the reason being that the proprietors, whose names many will recognise, are from Milton. We don't anticipate getting any more advertisements from such a distance!

Spring's in the air bringing forth many articles, for which thank you very much to those contributors. In spite of using the four extra pages we reserve for such eventualities, we still had to hold some over for the next issue, but all the contributions are really appreciated, so please keep them coming.

Oxfordshire is holding its Annual Spring Clean (previously called the Litterblitz) in April, so please keep your eyes on local notice boards for further information.

We are lucky in the Wychwoods to be able to dispose of paper and glass for recycling very easily, so if we build a compost heap too (for advice see page 33) we shall be on the way to utilising even more of our waste. Any offers to site a tin bank?

This is the first issue of volume 19, so you should by now have received a visit from your distributor for the £1.20 contribution for the six issues, but if you have been missed, please try to drop the money into their letter box. Thank you.

Articles for publication in the June / July issue should be submitted to the Editor at the address below, by 9th May 1998.
