**MILTON UNDER WYCHWOOD GARDENS AND ALLOTMENTS ASSOCIATION**

About 45 members and several visitors came to the February meeting and were rewarded with a fascinating talk and some beautiful slides on "THE WILD FLOWERS OF CRETE". VICTOR SCOTT was able to tell us about this lovely Greek Island in great detail and his knowledge of the plants which grow there is amazing. We were told about and shown slides of flowers which are only found on the ISLAND OF CRETE and nowhere else in the world.

JANE BAREA kindly brought the winter patio container which was planted up at the November meeting by DONALD EVERITT. Members were interested to see how the plants had grown and how it had survived some very inclement weather.

The next meeting is on 22nd April and the talk is on FUSHCIAS  
by GEORGE BARTLETT.
