

1st Wychwood Cubs

Wychwood Cubs have had an exciting and busy start to the September term. We decided to work for our Wizzy Water badge which included a visit to Farmoor reservoir, swimming in Wychwood School pool and a Penny Fair where the boys produce a wide range of penny-a-go games. This raised nearly £20 which has been sent to Water Aid, a charity helping people in developing countries to produce clean drinking water.

A group of six boys represented the Wychwood District at the annual Bonner Trophy competition. They had to carry out various tasks including shelter building, cooking, map reading and photography. The boys' favourite activity was gadget making, which consisted of building a catapult and seeing how far they could propel a tennis ball. Although they didn't win, they worked well as a team and behaved impeccably.

Wychwood Scout Group is still looking for leaders, both for Cubs and Scouts. It really is great fun and I have enjoyed the past 2 $\frac{1}{2}$ years helping at Wychwood Cubs, however a job move means that I cannot continue.

If anyone can help please ring Julie Hemming on 830076. Thanks.

Sue Channon, 1st Wychwood Cubs.
