

Festive Season Thank-yous.

To Burford School Christmas Miscellany. A wonderful performance by pupils and staff.

To Wychwood Primary School. One has got to say was excellent entertainment with a production and casting by staff and pupils in their build-up to Christmas with their plays and Carol Service .

To Brass Bits Showband who played music for our carol singing round the Christmas tree at Milton-u-Wychwood, at which a generously given collection of £102.00 was made for Langston House.

To Edna and John Naish for lighting, mulled wine and mince pies.

To Chipping Norton Band who played for the carol singing at Langston House and last but not least to all who joined in.

Good Health and a Happy New Year to everyone, from Father Christmas.

NEWS FROM OUR CLUB

The North Oxon Amateur Video Club held their Annual General Meeting in the drama room at the Chipping Norton School on December 15th. Chairman Mr. Eric George opening the meeting welcomed members stating it is their club and that it is up to the members to tell their committee exactly what they want to be included in future programmes. Going on he outlined some of the progress of the past year stating that the membership remained at the same level also that the financial situation was marginally better than last year.

The theme outlined by Dennis Weeden, Hon. Secretary, was the necessity to maintain and improve membership numbers if at all possible by making visitors welcome and to try to help each other with any problems that they may be experiencing. Reviewing the provisional programme for the coming year the emphasis has been placed on hands-on demonstrations with the message telling members to stop proceedings if at any time they come to something that they don't understand and ask to go over that point once again. The aims of this club has always been to try to help each other to get to grips with all aspects of camcorders and video. The officers and committee were all re-elected for another term.

The club is presently involved in producing a promotional video for the Chipping Norton community Educational Council outlining some of the further educational classes on offer.

Our first meeting took place in the drama room at Chipping Norton School on Tuesday January 19th at 7.30pm. Visitors will be most welcome to join us for future evenings.

North Oxon Amateur Video Club Provisional Programme:-
