

## Shipton Fête 1999

Malcolm Cochrane watching Dr. Sandy Scott getting his 'comeuppance'.

The Fête at The New Beaconsfield Hall was blessed with a hot and sunny July day. Mrs Rosemary Salter, the new Chairman of the Parish Council, opened it and warmly welcomed everyone.

The Loxley School of Dance gave an enchanting display of fairies and farmers, and we enjoyed the young violinists of "Fiddles and Feet" who played for most of the afternoon. The fire engine was a popular attraction for the young boys. Sadly the dog handler broke her arm on the morning of the fête but will give her display at the Millennium Fête next year.

The stalls, sideshows and refreshments were well supported and local charities will benefit from the proceeds of their stalls and £1,500 will go towards a PA system for the hall.

Thank you to all those who came and who gave so generously.
