

Milton-u-Wychwood Allotments and Gardens Association

After Christmas and all the excitement of the millennium celebrations it is quite nice to get back to normal, and although our speaker for the February meeting was unable to come, we were indeed lucky that Mrs. Mornee Button from Bourton-on-the-Water was free on that day to step into the breach.

The 35 members and two visitors were enthralled by the beautiful pictures of flowers, butterflies, dragonflies and the scenery as we were taken down the Windrush Valley. The camera left the river banks and water meadows now and again to show us beautiful buildings such as churches and barns and some very lovely pigeon cotes, and Mrs. Button's knowledge of the whole area made the evening one of our more enjoyable.

The March meeting on Wednesday 22nd was held as usual at 7.30 and the talk of Construction and Maintenance of Lawns no doubt brought us down to earth. The talk on Flower Arranging (which will include demonstrations and tips for the show) at the April meeting is NOT, please note 'ladies only'! and will, I hope, get us all thinking about the Annual Flower Show which this year will be on August 19th in Milton Village Hall.

As usual visitors are always very welcome at our meetings for the small sum of 50p.

Jane Lewis.
