

Wychwood Veterans' Football Club

Many people think about retiring from sport when they reach 35 – we all get slower and less agile as we get older and surely, we can't keep on playing active games like football forever. The truth is that we could play for as long as we want to provided that we could find enough other slow and less agile players to join in with us – that's the idea behind the Wychwood Veterans F.C. Several years ago, Chris Barnes organized a friendly game of football for the dads of players in the Wychwood Boys Football Club. The interest grew and this year Kevin Cheeseman has taken the idea a step further and begun the organization of a team that has entered the Banbury and District League. The emphasis is very much on enjoyment and involvement and the social side of the club is intended to be as important as the football. There will be opportunities for everyone to play – apart from the League games, we will be playing in friendly fixtures as well and all against other veteran teams.

Anyone who has ever played or wanted to play football and is over 35 is more than welcome to join us. We would love to hear from anyone who thinks the idea sounds like fun – you don't have to be any good, just keen to join in and get involved. We would also like to hear from any local companies that might be interested in sponsoring the team. You can contact any of the people listed below and please keep an eye open for details of the first club meeting later in the summer.
