

## WYCHWOOD PLAYGROUP

The children from Wychwood Playgroup had a treat on the 6 March when they went on a trip to their local library in Milton. They walked from the Village Hall and were just beginning to feel tired when they reached the library which was bedecked with balloons for their visit.

All tiredness vanished as they were welcomed by Mrs Brown, the librarian, who is well known by the children as she often visits Playgroup to read stories. Mrs Brown showed the children round and they had great fun looking at all the books and learning how to join the library.

Then it was time to sit down and listen to a story which the children really enjoyed. The children (and staff too) had a lovely morning out and would like to thank Mrs Brown for her kindness.

\*\*\*\*\*

I think this would be a good opportunity to express our thanks and appreciation to our dedicated librarian, Mrs. Beryl Brown, who does so much to encourage children to enjoy reading and to find their way around a library enabling them to discover more books to develop the enjoyment of reading. She goes well beyond the 'bounds of duty' in all aspects of her work, and she is greatly valued by us all. Editor.
