---

## **"Gran, may children write articles?" - "Yes please" - "Here's one".**

As most of us know, the speed limit through Shipton is 30 mph but almost all drivers are wizzing past doing 50 mph. People are unaware that Thames Valley Police run a program in which they set up speed cameras every couple of months because we, as a village, cannot afford permanent cameras.

Almost everybody who drives through our rural village is going at least over 40 mph. The serious side of this is that even 2 mph over the speed limit is enough to kill someone who is crossing the road.

Drivers won't be drivers any more!

You decide your fate!!

Naomi Kimber, (age 10).
