

Anyone for Rounders?

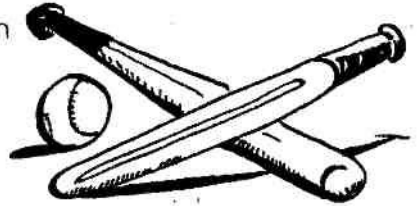

Starts
1/5/02

Interested in playing a friendly game of rounders just for fun during next summer? All ages (from 5 up) all levels of skill (except for big-hitters!) are invited with a view to a relaxing, family, old English type of a thing?

If you are interested contact Jan on

Wednesday's, 6pm
Shipton Village Hall
25p per player

Wychwood Playgroup

Firstly, we would like to thank Pete and Moira at The Quart Pot and the staff at the Co-op for their recent donations to Playgroup funds. Your support is much appreciated.

The children have been concentrating on letters and numbers this term and have been making lots of lovely pictures and interesting creations. They have also been making biscuits and cakes, which are always good fun.

The playgroup is thriving at the moment. So much so we are opening another session from Easter on a Wednesday morning.

For more information please contact Karen Jefferies on 01993 831269.

Country Watch

Although people living in rural areas are statistically less likely to become victims of crime, the fear of crime can lead some of those living in more isolated areas feeling very vulnerable.

To combat this, the police are expanding their Country Watch scheme, which is to rural areas what Neighbourhood Watch is to towns and villages, i.e. a network of people with whom the police can make contact and occasionally be asked to assist, perhaps with spotting a particular vehicle, or report sightings of vulnerable missing people.

Members also receive a regular newsletter and information on crime prevention methods and products.

If you are interested in becoming a member (no charge) then please call either West Oxfordshire District Council area: **01993 893811** or Cherwell District Council area: **01295 754 611**
