

David Cameron at the Mill

On 24th November 2006, the Rt. Hon David Cameron, Conservative Party Leader and MP for Witney, enjoyed a visit back in his own constituency at our local flour miller F.W.P Matthews Ltd.

Organic Flour

He was very impressed with how the mill has grown and its plans for the future, whilst still maintaining the traditional buildings. A keen advocate of organic foods, he was interested in the way we have embraced organic production and are now the leading UK producers of organic flours. We also strive to support the local community by keeping production at the

Production Director

site in Shipton-under-Wychwood. Mr Cameron commented:

“F.W.P Matthews have got it just right by focussing on milling high quality flours. Their plans for a new warehouse are sympathetic to the area”.

Sustainable Business

David Cameron’s visit was very much appreciated by all at F.W.P Matthews as witness to a growing milling business utilising locally grown

wheat and increasing employment in the area.
