

Vi Miles MBE, 1928-2007

When Vi began planning her funeral she told the Revd Wendy to expect a good crowd and she was quite right. More than 300 family and friends packed Milton church to say farewell.

What a lovely touch to see her bike standing in the porch beautifully decorated with spring flowers, as was the whole church.

Vi with her son Keith

Much has been said of Vi and her good works; we have featured her twice in the pages of this magazine.

She touched the lives of so many; we will all miss her cheery wave and big smile as she cycled around the village on that bike.

Christine Halliday

The Wychwood (C.E.) Primary School

What a busy start to the year!

This term we have a rugby coach, Gary Morris of Witney Rugby club, teaching rugby skills and the game of tag rugby to our KS2 children.

We also celebrated the 10th World Book Day. Mrs Brown, from the Library, came to read stories to some classes and we held a book fair in school raising money to buy more books. for our children.

Our three Key Stage 1 classes visited Swindon Steam Railway Museum researching their history topic: *Houses and Homes*. Musician Tim Scarborough held percussion workshops and we have been enjoying fundraising for Comic Relief.

Sadly we said farewell to Mrs Margaret Hunt, a dinner lady at the school for the past 30 years (See page 7).

We are building three new classrooms and making some internal alterations. This isn't to allow for more children to attend the school but to

provide a better learning environment for them.

The snow arrived, we did close for one day but most of us managed to arrive at school on Friday. Playtime was spent on the backfield building very large snowmen.

If you would like to find out more, please visit our new school website at:
