

## The Hawthornes

The Hawthornes, home from home for the elderly situated in Shipton-under-Wychwood, with off road parking, is run primarily for those needing respite care and living in the

Wychwoods and surrounding villages. However our doors are open to anyone looking for a care home with a difference.

### A Family Feel

The Hawthornes is based on a family environment but gives those who stay with us the choice of their own space or being part of our family on a daily basis. Whether short or long term, we will do our best to ensure your stay is as enjoyable as possible. We are in the process of registering our own domiciliary care company, to provide personal care for those staying at the Hawthornes or for those requiring care in their own home. Alternatively if you have your own local carer and wish to use them whilst you stay with us they will be made to feel welcome. Because we are small and offer just three bedrooms with private bathrooms, we are able to keep that personal touch and homely feeling that we know can make all the difference to those needing care home facilities. Visits from friends and relatives are encouraged and our

hospitality is extended to all who come to us.

### Lunch Clubs

If you need somewhere to stay during the day, we offer day-care to be enjoyed with friendly company.

We are also in the process of organising lunch clubs. Depending on the interest, we hope to run them seven days a week but keeping them small, with a maximum of six people at any one time, available all year round including Christmas and New Year's day. Remember, our aim is to be friendly and homely; transport to and from your own home can be arranged.

### Christmas Eve Pop-In

We are having a Christmas Eve pop in with buffet, mince pies and mulled wine, and again on New Year's Eve. If you are elderly and would like to come or young and interested in what we are doing, then please telephone us on: 01993 832030 for your invitation. That way we will have some idea for how many we are catering. Our goal is to serve the community by providing a professional service in a confidential and considerate manner, never forgetting that those who use our service deserve the very best. After all, without these wonderful people, the world would not be the place it is today.
