

Crimestoppers

Anti-Social Behaviour

Now that the lighter nights are here we are keen to ensure that residents don't have to suffer from problems related to anti-social behaviour.

There have been a number of reports concerning a small group of young people in Milton-under-Wychwood and these have resulted in increased patrols by the neighbourhood team, assisted by officers from the response teams. This has led to people being arrested on three occasions this month. These problems are being caused by only a few and it is hoped that this positive action will discourage them from continuing.

Secure Storage

I would like to ask people to consider how secure their garden sheds and outhouses are. At this time of year there can be an increase in thefts of lawn mowers, tractors and other garden machinery. Would you please review how secure the storage of these items is

and ensure that they are security marked, ideally with your postcode and house number? This enables us to return any property that we recover to its rightful owner.

Beware Rogue Traders

Please be aware of rogue traders calling at your home offering to carry out work such as tree cutting or resurfacing of driveways. These 'contractors' are not always reputable and their quality of work may leave a lot to be desired.

Trading Standards recommends that you do not accept any of these services from your doorstep. If you need work doing then obtain quotes from at least three reputable companies first.

Trading Standards has established a 'Buy with Confidence' scheme which lists local reputable businesses. Further details can be found on their website:
