

Fifield News - Opening of the Parish Hall

What a joyous day on February 19th 2010! The Trustees and Helpers saw the culmination of two years of hard work and worry, when the dream turned to reality and the Rt. Hon. David Cameron MP officially opened the Parish Hall after

its restoration. He came to Fifield to look at the restored mediaeval glass in St John the Baptist Church. He then came to the Hall, where before a gathering of 50 - 60 parishioners and honoured guests, he delighted all as he removed the curtain from the commemorative plaque marking the occasion.

He was impressed with all he saw and also managed to speak to almost everybody present.
