

Wychwood Pre-school

At Wychwood Pre-school our aim is to provide a happy, stimulating and safe environment for our children to learn through play during their pre-school years. All the activities we provide for our children also cover the six main areas of learning (or early learning goals) that make up the Foundation Stage: These are; *Personal, Social and Emotional Development, Communication, Language and Literacy, Mathematical Development, Knowledge and Understanding of the World, Physical Development, Creative Development.*

We Don't Care if it Rains or Snows!

We are proud to have one of the best Ofsted ratings in the Wychwoods. With this and the above goals always in mind, staff, committee, parents, families and friends have worked hard throughout 2009 and into 2010, to enable Wychwood Pre-school to maintain and improve on the learning and play equipment for our children.

New software on our laptop and games with equipment such as scales and outdoor dominoes contribute to the children's development in the mathematical and literacy areas, as well as providing them with a fun, interactive method of play.

Exercise and mobility through play is an important part of the curriculum. Our great outside all-weather surface enables the children to get out and enjoy the outside environment without getting too muddy or soggy!

Climbing to Success

As well as the usual outside scooters, trikes and cars, the children have enjoyed using the new climbing frame/slide, and

the mini-agility course and move-cubes are mobile and can be used both outside and indoors. Such equipment allows children of all abilities to take part and gain an awareness of the space around them, improve balance and co-ordination, and have great fun at the same time! The large outside space also enables the children to enjoy activities such as reading, build cubes and sand play, for example, away from the busier outdoor activities.

Mobile Play

Opportunities for creative and imaginative play are always accessible to the children. Purchase of new mobile screens has allowed us to display children's creative

work around a chosen learning topic. Both children and parents have enjoyed these displays and it has encouraged the children to be proud of their work and to learn to look at and enjoy the work of their peers.

Puppets on a String

A new puppet theatre has provided a very imaginative and social aspect to play which all the children seem to enjoy. We are looking forward to helping the children enjoy the rest of the academic year and be proud of their achievements however big or small. We are always running fundraising events so please do support us.

Take a look at our website for information on forthcoming events. On behalf of the children we are always grateful for your

support and a 'big thank you' to all those who currently work so hard for us. We do feel it is important to contribute to and be a part of the local community. Our Easter Bingo fundraising evening this year was held jointly with the Village Hall Committee and was a great success, raising funds for both the Village Hall and Wychwood Pre-school. Thank you to all who contributed prizes, organized and attended.

If you are looking for a pre-school for your child please do get in touch. To take a look at our prospectus and for more information please visit our website, details in our advert below.
