Summer Trip 'Down Under'

Over the summer holidays, the PE Department took 40 students on a three week sports tour of Singapore, Australia and New Zealand. Students played a total of 23 matches in football, hockey and netball. Mr Williams, Head of the P.E. Department said, "The trip was very successful with the boys winning 6 out of their 7 matches. The girls found their netball opponents to be a bit tougher and sadly failed to win any matches. We are already planning another tour in three years' time." One match was mentioned in a Queensland newspaper:
